

SupaScoota® MicroLite

THE WORLDS LIGHTEST MOBILITY SCOOTER

A stunning design continues the tradition of innovation from our design team and was inspired by the need to provide safe and reliable portable transport far beyond what was thought possible. Achieving a staggeringly low weight means little if the performance is not equally impressive. Weighing only 18kgs the MicroLite ticks all the boxes for easy transportation, amazing indoor manoeuvrability and incredible outdoor performance.

TEST DRIVE A MICROLITE AND YOUR PERCEPTION OF WHAT A TRULY PORTABLE MOBILITY SCOOTER IS CAPABLE OF WILL CHANGE FOREVER
