

**DESIGNED FOR INDOOR USE WITH OUTSTANDING MANEUVERABILITY**

Designed specifically for indoor use only, the amazing MINI Power Chair provides you with the ability to access limited space areas indoors with ease. Comfortably drive around furniture, enter and exit bathrooms and bedrooms and turn a full circle within a narrow hallway with complete freedom. Making the unachievable, achievable. The innovative design of the new mid-wheel drive MINI sets the standard for compact powered wheelchair design and opens up a whole new world of possibility for its users.

*Freedom to move in confined spaces*
